

Suggested use: Take 1 capsule with breakfast and 1 capsule with lunch.

At Agebest Basics® our goal is to create worldwide health naturally, one person at a time. We give you the information and products you need to take control of your own health and make a significant difference in how you feel every day. When you feel good, everything looks better – and you look better too.

Free radicals, byproducts of metabolic processes that occur in the body, have an adverse effect on health as they cause damage at the cellular level. Antioxidants have been found to fight free radical damage, and our antioxidant mixture in **enduring youth™** is a powerful free radical fighter, providing over 6,500 ORAC units *per daily serving* of antioxidant protection. ORAC (**O**xxygen **R**adical **A**bsorbance **C**apacity) is a measure of an antioxidant's ability to neutralize free radicals.* Antioxidants boost the immune system, mitigate cell damage, and support healthy cardiovascular, brain, blood, and vision function.* **enduring youth™** is a convenient, economical mixture of many different types of antioxidants which synergistically provide you with an umbrella of antioxidant protection.*
