At Agebest Basics® our goal is to create worldwide health naturally, one person at a time. We give you the information and products you need to take control of your own health and make a significant difference in how you feel every day. When you feel good, everything looks better – and you look better too.

The guarana in **focused energy™** is unlike other guarana supplements due to our proprietary processing technology. We harness *all* the power of the guarana seed – including the naturally occurring caffeine, theophylline, and theobromine – to give you natural energy, mental clarity, and vital wellness.\* The caffeine stimulates but is buffered by the calming effects of the theobromine and theophylline (these are the “feel good” substances also found in chocolate).\* Leave the expensive, sugar-laden, caffeine-spiked unnatural energy sources behind, and say no to jitters, sour stomachs, and energy crashes. Go natural with **focused energy™** guarana.
